What is Reiki?

It is an ancient healing using hands which come from India and the East, born before Christ and Buddha. It is used worldwide by many authors, practitioners and proven to be effective to heal any kind of diseases, past healing (e.g. trauma, depression), manifesting desires of any form at an affordable price. It is a gift of vitality and self-preservation that are encoded in our genes for activation. It is a higher connection to the universal energy. All of us are born to heal and preserve life. "Love heals everything". All we need is a person to help us direct it.
