i'm DR.JAX, this is a basic topics you need to now first

5 pieces of advice you can do to start lovin someone :-

1- first of all, no matter how you love that person don't show ur love at first !

2- don't ever love someone for his body or for any sexual reason.

3- try to be honest all the way long, cuz we know that one day our bullshites might discoverd.

4- always try to flirt, but in an easy way you know ;)

5- when you find that person try to show him/her some importance and share your life with him/her ....
