French, thus creating the only counter-tunnel in the world. This can still be seen in the medieval works.

- Stones slung from slings
- Crossbows and archers
- Assults made by knights
- Passage under tower which the French lit a massive fire in

How long was the siege?
- Lasted until 1217
- Mid July 16
- Second siege May 12th 1217

How was the siege broken?

Half of Louis army was destroyed at the battle of Lincoln when Louis heard he disassembled his trebuchet at Dover and moved to London
