Species

L.O ~ To be able to define and describe 'Species'
~ To describe some examples that ~~contradict~~
'contradict' the definition Species.

Q1) What do you think the definition of species is??

I think species means they all have the
similar ~~same~~ ~~characteristics~~ ~~features~~ ~~and~~ features.

Answer Answer

Q2) What do hybrids tell us about the scientific definition of species explain why?

The ~~scientificist~~ hybrids tell us the
scientific definition is false because
2 different species can reproduce
they don't have similar genes

Answer

2 different species can interbreed ^{to produce} which ~~is~~
a hybrid (offspring.) So that's why
they are wrong.
