Dear Mark Rosewell

The ITEDUSOLVE team are excited about the launch of our new software and would like to cordially invite you to our launch event.

ITEDUSOLVE is a small family business based in Croydon that provides software targeted towards schools and teachers. The software we produce helps students who are struggling in Maths and English. The ITEDUSOLVE Software includes numeracy, literacy and problem solving games.

Our software can help students succeed in their school life. We already have over 39 schools and colleges using our software and are sure you will want to use our software.

The event will be held at Selsdon Park and Golf Hotel on 21 May 2015. ITEDUSOLVE's event starts at 9:30 and finishes at approximately 15:30. Refreshments will be available throughout the day and there will be 'try out areas' where you can see exactly what our software does and how it can benefit your students.

Please do not hesitate to email us any queries you may have about the event or company. We hope to see you there and have enclosed a booking form.

Yours sincerely

Event Organiser
