ITEDUSOLVE SOFTWARE EVENT

At Selsdon Park and Golf Hotel

9:00-15:00 on 21 May 2015

We are excited to tell you about our launch event for our new software exhibition. There will be workshops, trying out areas and information about what we can offer schools. Beverages and a buffet lunch are also available throughout the day.

ITEDUSOLVE is a small family business based in Croydon who have been making software for years. The ITEDUSOLVE software includes numeracy, literacy and problems solving games. Each year we hold an event that showcases our software and allows local schools and colleges to attend and try out the software.

Our Keynote Speaker will be Mr Burton, from Channel 4s TV Show EDUCATING YORKSHIRE.

For more information call or email itedusolve@yahoo.com.

We look forward to seeing you all there.
