

You will have to bring more professionalism and creativity in your photographs to start earning a good income.

Merely taking random photographs from your cell phone or a digital camera is not going to work here.

3. You can even start your own photography website and sell your photographs directly from there.

2-Join Survey Panels

What is a Survey Panel?

Survey panels are run by survey companies most of them are market research companies whose main aim is to collect data from the users and use it for research, product development or marketing purposes.

In order to earn some money from this survey panels, you need to sign up with them.

Once you've signed up the panel will send you survey requests via email.

Your job is to complete those surveys within the given time frame.

Surveys will mostly cover questions related to products and services.

Sometimes they will even ask you questions related to your lifestyle, such as the city in which you live, how many times you watch movies in a month, how many times you eat at a restaurant in a month and so on.

4- Start Your Podcast

What is a Podcast?

A digital audio file made available on the Internet for downloading to a computer or portable media player, typically available as a series, new instalments of which can be received by subscribers automatically.
