

Miss You

Night quiet and wind blowing can make a cold body.

You're not here in this night.

I almost die.

You know, I'm so cold.

I always kiss you every night.

Where are you now?

I can't live in the world without you

So, please!! Come back to me.

You promised to marry me before winter.

You tell me, you love a lot.

This ex wished you happiness forever.
