Are You Only As Smart As Your Genes?

Mendelian and Quantitative Genes

- Approximately 80% of intelligence is acquired from mom
- DNA ancestry kit 23 and me is controversial

Theranos

- Elizabeth Holmes was the CEO
- Fooled a lot of people with FDA ancestry kit
- Scientists discovered that is wrong

Inheritance of Traits

A. Family Resemblances

- a. Children share similarities with their parents and siblings
 - i. Each child is unique
 - ii. Children are not just an average of both parents traits
