

- ✚ Science is not perfect, but it is the best way we can understand the world around us.

Conceptualization Phase

- ✚ Researcher gets to intellectualize about a topic and present a concrete topic/problem.
- ✚ Involves the following:
 - Literature review (conflicts and gaps)
 - Hypothesis Formulation
 - Statement of the Problem

Designing Phase

- ✚ Researcher plans the methods of the study to efficiently investigate and solve the problem.
- ✚ Involves the following:
