Q.1 What is physical education? Explain the aim and objectives of physical education.

Ans. Physical education is a vast subject and it has been given importance since ages. Modern friends have increased its importance as modern physical education stresses on balanced development of body and mind. It brings harmonious growth and development so that optimum health as well as good personality can be developed. Physical education is studied as regular subject at par with other academic subjects. The activities of physical education programmes are used by other academic subjects for better learning. This subject has been found to develop good health. Its activities are also followed

publish books concerning physical education, its sub-disciplines and such other subjects related to it.

They need highly qualified Physical Education experts who possess extraordinary knowledge in this field. Alongwith its sub-discipline health education is developing and in all these disciplines publishing houses need persons to take care of books in the process. Editorial workers are also badly needed by most of the publishing houses. They need such persons who are aware of publication needs. These personnels should have knowledge of physical education writing and Editorial skill- they should be well aware of publication needs. Personnels are also required to the field of sales, for direct sales a number of persons who can move from and approach directly to sale these books are required. The person doing this job should have a good knowledge of the field of physical education and comparative value of the available books. They should have the idea of market and experience in organising sales and convincing power. Thus, there are a lot of opportunities in every field to step in. Sales opportunities are available almost on similar lines in the fields of magazines and journal particularly those which are related with sports.

(ii) **Sports Photography:** This is again a vast open field but this field again needs physical education experts who have particular interest in photography. They should have the capacity to communicate with the masses through clear and illustrative photographs. The photographs should be self-explanatory. The person should first be a talented photographer, then the rest comes to play.

These are scores of journals, newspapers which require such photographers. At times, photographers from alien fields have to cover up sports to a bridge the gap.

Therefore, here we see lot of scope available for physical education experts who have aptitude to be a photographer. Courses in photography coupled with experience is a must for these kind of jobs. In the real sense to be a good photographer, these are the basic requirements.
