

Causes of Hunger:

Following are the causes of hunger.

1 Food Distribution:

In most of the developing countries farmers associated with subsistence farming & getting poor nourishment.

2 Back-ward Infrastructure:

Roads, storage & Market approach is not available to the farmers & they can't improve their living standards.

3 Low Agri Prices

Prices of agri are very low & govt have to provide subsidies to the farmers.

4 Unemployment:-

UDCs are facing the problems of unemployment & it makes & it adverse effect on food situation.
