For detailed lectures and videos or personal classes feel free to contact me via andifit3@gmail.com or WhatsApp account: [+92 310 5183816](https://wa.me/923105183816)

This short hand-out includes SIX parts:

1. Essay Writing.
2. Writer's craft (tools for great writings).
3. Coherence and Cohesion.
4. Formal and Informal Writing.
5. Tips for Essay Writing.
6. Dos and Don'ts of Essay Writing.

50% of your essay depends on Ideas and structure, and the 50% depends on your lexical resource and creativity.

Essay Writing 01:

Essays vary from argumentative to descriptive or many different genres. All types are inclusive in this module. Basically, following are the main aims of writing argumentation.

- Tends to persuade or convince the readers of your point of view.
- Trends to have a more personal and direct style
- Develops on a line of argument
- Follows a coherent and logical structure

How to Plan:

Before moving to the structure of Essay, lets discuss how to plan an Essay.

- Choose a topic
- Take a position
- Gather evidence
- Present argument logically
- Provide counterarguments

Never start writing until you have finished planning. Use any from the following to plan correctly.

- Spider diagram
- Mind map
- Tabular form
- Vertical chart
- Flow chart
- Bulleted list

Avoid Aggressive tone. Use only assertive tone.
