QUESTION: DESCRIBE SOMETHING YOU HAVE PURCHASED THAT YOU REGRETTED

YOU SHOULD SAY:

What was it?

When did you buy it?

How expensive was it?

SAMPLE ANSWER:

I'd prefer to discuss something I lamented buying. At the point when I was in school, I purchased a mother board through internet shopping. I gathered my PC utilizing the mother board that I purchased, sadly, it didn't work as expected. I attempted to reinstall Windows, yet it didn't work. So I called the assistance community, griped, and requested that they supplant it with another. Following seven days, I got another one from them, yet pitiful to say its condition was only equivalent to the next one. I think the mother board I purchased was not viable with my PC. For ten days, I couldn't do anything. I couldn't set up my schoolwork, or some other reports I required for school. That is the reason I chose to purchase another mother board. From that point on, I have never patronized items from that organization again.
