

IELTS SAMPLE QUESTION AND ANSWER 11 FOR UNIVERSITY STUDENTS

QUESTION: DESCRIBE A LIBRARY YOU HAVE BEEN TO.

You should say:

Where is it located?

What do you like about it?

What benefits can we get from libraries?

SAMPLE ANSWER:

There is a small library near my home. Though undersized, the facilities are good. However, library users need to pay a certain amount of money in order to use the facilities. We can use the computer or read any books that we want. This library offers people many advantages. First of all, reading and studying in the library is very effective because it is a very quiet and convenient place. In addition, there is a wide range of books in the library, so users can obtain information and enjoy their time reading various books. The library can also provide users with the needed information for their studies. Most libraries have well-maintained air-conditioning or heating systems so users feel relaxed and comfortable. Libraries also offer special events or workshops like language study programs or social work. They provide people with many opportunities for continuous learning and training. I think this library is a very good public facility.
