

of portfolio. The best example which comes under this type is “Real-estate investment trusts. It is one of the best example of income producing investments.

Growth based portfolio

This category of portfolio deals with huge amount of risk for the dealer. We would have heard that risking for something will bring enhanced revenue or profit in return. But this case also brings up the soaring net amount in return. The stocks and shares to procure is completely based on the investor’s ability to understand the problem and the invest he does. Bonds, real estate commodities and constructions are some better examples (Enrich, 2022).
