*(Ten Political Science textbook chapters
on the impact of interest groups on
public policy)*

Ethnic and Immigrant Groups

The chapter explores the role of ethnic and immigrant groups, such as Latino, Asian, and Caribbean communities, in shaping immigration policy. The author explains how these groups have used their cultural and political identities to advocate for policies that would protect the rights and interests of immigrants, such as legalization, family reunification, and diversity visas.

Religious Organizations

The chapter discusses the role of religious organizations, such as churches and faith-based groups, in shaping immigration policy. The author explains how these groups have used their moral and humanitarian values to advocate for policies providing humanitarian relief and protection for refugees, asylum seekers, and undocumented immigrants.

Political Context

The chapter examines how the shifting political and economic context has impacted the strategies and goals of interest groups in shaping immigration policy. The author explains how globalization, security concerns, and the post-9/11 anti-immigrant backlash have affected policy feedback and created new challenges for interest groups.

Conclusion

The chapter concludes with a reflection on the complex and dynamic relationship between interest groups and immigration policy in the United States. The author emphasizes the importance of understanding the historical, political, and economic factors that shape policy outcomes and the need for more research and analysis to understand the impact of interest group influence on immigration policy.

Overall, this chapter provides a comprehensive overview of the role of interest groups in shaping U.S. immigration policy, highlighting the diverse strategies and goals of different groups and the complex dynamics of policy feedback over time.

10. *"The Impact of Interest Groups on Tax Policy" by Kimberly J. Morgan and Andrea Louise Campbell.*

Summary:

"The Impact of Interest Groups on Tax Policy" is a chapter that explores the role of interest groups in shaping tax policy in the United States. The authors argue that interest groups significantly impact tax policy because they have the resources, organization, and expertise necessary to influence policy makers. The chapter is divided into four main sections, which are summarized below.

I. Introduction:
