

Properties/Significance of PPF :

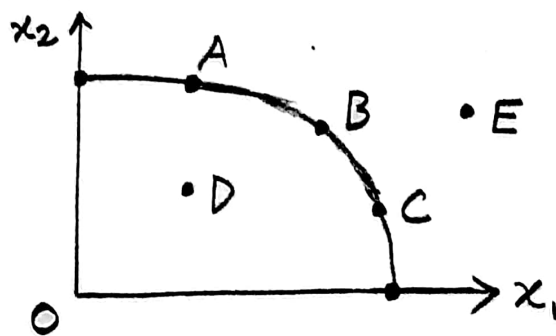

Fig. : PPF

- 1 Any point on the PPF (A, B, C) are efficient outcomes. Because resources are being used properly or are fully employed.
- 2 Any point inside the PPF (D) are inefficient outcomes. Because resources are not fully utilized.
It can be happened when economy is in a recession. So, workers become unemployed. For this reason, production will be less.
(D point a Resource fully utilized হতে না, কাজ না করে তবুও সম্ভব goods produce করে possible হিন)
- 3 Any point outside the PPF (E) are impossible. Because resources are limited.
(Resource limited হওয়ায় E point a সম্ভব possible না)
