

Time Complexity and Big O Notation (with notes)

CodeWithHarry

So the input size didn't increase and the runtime of the algorithms didn't increase either. No, it doesn't depend on the size of the input. When we ask questions like as the input will increase, Then the runtime will change as per what? And after that Now you will go to aunty's house You will be treated. Consider there are different routes to come and go.
