

Fraz Fraz gives you very important tips on note making. Fraz says that the tips that I am gon na tell in this They will solve a lot of problems of you. Fraz: "I get so much motivation from your likes and comments And the reach of our video increases a lot So please like the video" There are two ways To make notes: notebook and soft copy. The first way is that you make a notebook. The second way is to maintain a soft copy In your PC. The two ways are to make notes and to keep soft copies in PC. This is going to help you a lot In your preparation. Any new question or algorithm will come in front of me From which I am learning something new It is not like that I have done that before and I will include that in the notes With that my notes will become very big I definitely do not want to do that I only have to include New things that are coming new in front. Coding Ninjas courses are 40 % discount only today which is 18th of March.
