

```

        return(0);
    }

```

22.11 C program for checking given string is Palindrome or not.

```

#include<stdio.h>
#include<conio.h>
#include<string.h>

void Palindrome(char *);

void main()
{
    char s[20];
    clrscr();
    printf("Enter one string for checking palindrome: ");
    scanf("%s",s);
    Palindrome(s);
    getch();
}

void Palindrome(char *p)
{
    int flag, len, i, j;
    flag=0;
    len=strlen(p);
    for(i=0,j=len-1;i<=len/2;i++,j--)
    {
        if(p[i]!=p[j])
        {
            printf("\n String is not palindrome");
            break;
        }
    }
    if(i>len/2)
    {
        printf("\n String is palindrome");
    }
}

```

22.12 Another C program for checking given string is Palindrome or not.

```

#include<stdio.h>
#include<conio.h>

```
