

Kevin went to see a (1).....as he has been suffering from fever ,(2)..... And shivering since yesterday. His (3).....was high when he was at the doctor. Doctor asked him to do a blood test and show him the (4)..... the next day . He also prescribed some medicine for him to take. One is only for a day and the other is to take (5) Times a day . Doctor recommended him two days to (6)..... at home Kevin will be alright in couple of days as the doctor said.

5.select a word from the box which has a similar meaning to the phrase given within brackets and write it in the space provided. There are three extra words.

Wings real tail fawn kill death predators enemies dried

Hide and seek is fun. But animals in nature must stay safe from(1).....(a person who feels hatred for) and catch food to eat . how they pay the game can be a matter of life or (2).....(a state of being dead). Camouflage is an important adaptation for defense for many animals. When a young spotted(3).....(a young deer)is left alone, it can keep very still and blend in with the forest. This keeps (4).....(animals that kill and eat other animals)from seeing the fawn. an insect called katydid has wings that look like the leaves of the tree it lives on. It's (5)(the parts on a bird or insect) even have brown spots that look like spots found on 6..... actually existing as a thing) leaves. Camouflage helps the animals to hide and be safe.
