- b. Types of Tissues:
- Epithelial tissue
- Connective tissue
- Muscle tissue
- Nervous tissue
- 1. Organisms and Ecosystems
- a. Types of Organisms:
- Prokaryotes
- Eukaryotes
- b. Ecosystems:
- Definition: communities of organisms and their environment
- Examples: forests, oceans, deserts
- 1. Evolution
- a. Theory of Evolution:
- Definition: change in species over time
- Mechanisms: natural selection, genetic drift, mutation
- b. Evidence for Evolution:
- Fossil record
