A Message From the Head— David Lancaster

“The choice of school for your child is very important and one that requires deep consideration. We believe that we can offer each child to reach his or her full potential. Whether this be within sport or an academic subject.”

“Within year 9 children will be able to choose their learning options. This gives them a decision on what they would like to study until they move into year 11 and complete their GCSEs.”

“We are a bilateral academy—that is, a secondary school which entails a grammar stream in each year of entry—that, as with other schools within the David Ross Education Trust have a school house system which offer a competitive edge to learning.”

David Lancaster—Executive Principal
