

Marx criticised liberalism as the ideology of capitalism. Ideologies are the product of economic and social changes.

Communism: a condition where, in place of the old bourgeoisie society, with its classes and class antagonisms, we shall have an association in which the free development of each is the condition for free development of all.

Marx always wanted to achieve a socialist society by peaceful and gradual means. Ideas of a capitalist society are the ideas that sustain the power of capital.

His final declaration was “working men of all countries, Unite!”
