

Dyson has the PRODUCTION DEPARTMENT reporting to HRM,R&D,OPERATIONS ,MARKETING ,FINANCE AND LOGISTICS DEPARTMENTS which also report to the CEO who reports the BOARD OF DIRECTORS. This means Dyson has a functional structure

❖ What structure does your public sector org use?

West Herts collage has a functional structure because it contains specific units which report to a single authority which is Frank Neale. Moreover, each functional unit handles one aspect of the service and top management is responsible for coordinating the efforts of all units and meshing them together into an organised unit.

		Example for private sector org	Example for public sector org
Description of organisational charts	Chart that outlines the responsibilities, relationships and roles between employees within an organization		
Explanation of wide span of control	When an individual is responsible for a large group of people	The CEO at Dyson has a wide span of control because he oversees six different departments	The teachers at West Herts have a wide span of control because they oversee twenty different students
Explanation of narrow span of control	When an individual is responsible for a small group of people	The boards of directors at Dyson have a narrow span of control because they are only responsible for the CEO	The chair at West Herts has a narrow span of control because she only has a small number of individuals reporting to her

Purpose and responsibilities of functional areas
