

Teacher's roles in school leadership and how can they help to improve the quality of the school management

1. Resource Provider.

- Teachers help their colleagues by sharing instructional resources.
- These might include sharing Websites materials, books, teaching aids and etc. **(FROG WEBSITES)**
- Teacher can update resources in library, SAL room, Science Lab and etc.
- This will improve the school quality because there is an effort to provide resources that pupils can access formally and informally.

Extra Input on Excellent Teacher's Leadership.

- Create lesson plans and teaching strategies referring to MOE.
- Lead and assist curriculum and co-curriculum activities.
- Conduct a research
- Be a resourceful teacher
- Perform task directed by the authority.
